

Health systems staff

Ideal is the UK's leading health systems service company. Through our staffing division, we specialise in providing experienced health systems staff to the healthcare sector for a wide range of management, technical and clerical roles.

We have extensive experience in providing flexible staffing solutions to NHS Trusts, private hospitals and health systems suppliers throughout the UK.

Ideal has supported numerous Trusts with the provision of high quality health systems staff prior to, during and after the roll-out of new systems.

Experience

By working exclusively in health-care, Ideal has built up extensive knowledge and understanding of this sector.

We hold a nationwide database of candidates with health systems experience. We meet client's staffing needs by accurately matching relevant candidates to specific requirements. All the candidates we put forward are carefully vetted to assess their technical ability and suitability for each role.

Flexible and cost effective

Ideal can respond at short notice to fulfill any staffing shortfalls. We are familiar with working within tight NHS budgets and always supply professional healthcare staff at the best rates.

Ideal provide health systems staff for a range of roles on a contract, interim or permanent basis.

We have staff with experience in a wide range of care records and primary care systems including Cerner Millennium, RiO, iSoft, PACS and many more.

Our staffing solutions cover management, technical and clerical roles.
